templates

Benefits

Accessible

- via desktop, mobile, tablet
- perfect for work from home, remote and multiple work sites

Simple To Navigate

- easy to understand format
- straightforward to set up and maintain
- intuitive system ensures simple, quick training to get you up to speed

Adaptable

- customisable templates to suit your individual requirements

Share

- export, print and share reports with ease

Features

Integrated Platform

- user friendly intuitive dashboard
- easy to record, access, update and report risks via desktop or mobile platforms

Simple Risk Register Management System

- simple to enter risk details and mitigation activities
- an input wizard function can assist users in performing a risk analysis and mitigation
- relevant documents can be uploaded as part of the 'risk story'
- once risk details are captured, ongoing activity can be tracked and reported
- automated email notification system to track actions and controls
- set different levels of authorisation, delegation and viewing access
- manage organisational, service and department level risks in the register

Flexible Reporting Formats

- make professional risk reports with just 'a few clicks'
- create frontline, service or strategic reports depending on intended audience
- choose to capture your qualitative and quantitative data in your preferred reporting styles:
 - » graphical
 - » narrative
 - » statistical
